## NEW PRACTICE BRANDING

### Sach Day Surgery becomes Dextra Surgical

The past few years have seen 'Sach Day Surgery' and our associated surgical practices **Randall Sach**, **Markus Nikitins** and **Clayton Lang** grow substantially, leading to an evolution of our organisation.

We are building a new corporate image under the 'Dextra Surgical' banner which will better accommodate our expanding practice and surgical services. The same very high surgical standards and care for our patients and referral sources will, we hope, be enhanced as we move to the future.

We have always aspired to be the very best in the field of Plastic, Reconstructive and Hand Surgery, and take great pride in the achievements of our highly trained staff and fully accredited day surgery organisation.

Between our three surgeons **Randall Sach**, **Markus Nikitins** and **Clayton Lang**, we can provide expertise in the full spectrum of Plastic, Reconstructive, Hand and Cosmetic Surgery.

*'Dextra' has a latin derivation meaning 'right' (as opposed to left) or 'the favoured one'*

### We are a fully accredited Day Surgery / Private Hospital

Sach Day Surgery now Dextra Day Surgery, which has been fully accredited for over 21 years, has again retained accreditation with the new National Safety and Quality Health Service standards implemented by the Federal Government.

Dextra Surgical will include:

- / Dextra Plastic Surgery
- / Dextra Hand Surgery
- / Dextra Day Surgery

#### Hand Surgery

Both elective and emergency hand surgery will remain a focus at Dextra Surgical, with most procedures undertaken conveniently on site.

Larger elective and emergency hand surgery, such as joint replacement arthroplasty, are treated at St Andrew's Hospital also located on South Terrace.

Areas of expertise include:

- / Carpal tunnel release, including endoscopic
- / Dupuytren's disease including injecting \*collagenase clostridium histolyticum\*
- / Trigger fingers

- / Ganglions
- / Osteoarthritis of the hand
- / Rheumatoid arthritis of the hand
- / Reconstructive surgery of the hand
- / Joint replacement arthroplasty
- / Hand trauma

\*All our surgeons are accredited to inject collagenase clostridium histolyticum\*, an alternative treatment to surgery in the management of Dupuytren's

#### Skin Surgery

- / Benign skin lesions - naevi, keratosis etc
- / BCCs & SCCs
- / Primary Melanomas and management
- / Sentinel Lymph Node Biopsies/Surgery

#### Cosmetic Procedures

Surgical procedures offered include:

- / Abdominoplasty
- / Blepharoplasty
- / Breast Reduction or Mastopexy
- / Breast Augmentation
- / Face, Neck and Brow Lift
- / Rhinoplasty
- / Gynaecomastia
- / Otoplasty
- / Genioplasty
- / Orthognathic Surgery
- / Chin Implants
